How to Use Oxford Owl

By selecting the 'levels' bar and scrolling down, you can choose books that are within the book band that your child is working on. You will need to scroll past all the numbered levels to get to our coloured book bands.

At the moment this is a huge library of books in which your child will be able to continue to read whilst learning from home. **Please speak to your child's class teacher if you are unsure about which books to select.** We are hoping that in time we can set each child in the school up with their own log in and their class teacher will be able to set specific books for them to read.

When you select your book, you can use the icons at the bottom of the page to navigate yourself around it. All eBooks up to book band white also have an audio feature to support your child.

I hope that you find this resource useful. If you have any problems, please speak to your class teacher.
