By selecting the 'levels' bar and scrolling down, you can choose books that are within the book band that your child is working on. You will need to scroll past all the numbered levels to get to our coloured book bands. If you are unsure which book band your child is currently reading at, please check with your class teacher. Once you open the book, there are options to change the size of the font, to have audio and have the book read for your child to follow and some books have mini activities included.
