WELCOME BACK

The children came back really excited this week and were obviously looking forward to seeing their friends after their holiday. They were delighted to see certain individuals and it was lovely to witness.

The children also settled very quickly to their tasks and listened excellently on the carpet so well done.

Thank-you for all the likes that we have received on Tapestry.

Please do not forget to look on there to see what the children have been doing in school.

Communication and Language.

This term we will be revising and learning the Phase 3 sounds which are on the sheet that was sent home. (If you need another one please just ask).

We will also be reading many fiction and non-fiction texts and be carefully counting letters and words as well as pointing to the use of capital letters and full stops.

Mathematics.

We will be continuing to work on a number of investigations, many of which will be outside.

These will cover topics such as counting to 20, 1 more and 1 less, length eg shorter than and taller than and also shape and pattern.

In the shape topics we will be talking about cubes, cuboids, spheres, cylinders and also revising most 2D shapes.

Homework.

Please remember to hear your child read and read to your child as often as you can.

If you would like some flash cards to help your child learn the Phase 3 sounds then please ask and we will get some ready for you.

When your child has a spelling book Miss Searle will test and give new spellings out on the day that is on the top of the spelling book and we will also hear your child read on that day. Books will obviously be changed when necessary not just on that day.

Other News.

Please bring cereal in if you can and/or bread and jam which was very popular before Christmas and we are going to have once a week.

PE will continue to be on a Friday afternoon.

Forest school continues to be on a Friday morning.

If you would like to take Pickle home for a weekend please ask and we will add you to the list.
