

St Matthew's C.E. Primary School

Policy and Procedures for

Health and Safety

**Agreed by the Governing Body
Spring 2023**

Review date Spring 2024

Respect, Faith, Friendship, Achievement

Policy for Health and Safety

All Health and Safety policies and procedures will adhere in the first instance to national statutory and legal requirements and in the second instance to Hampshire County Council recommendations and guidelines. Where Portsmouth Diocese recommendations differ from County or National guidelines legal advice will always be sought and the Governing Body advised accordingly.

This policy consists of three sections as follows;

1. Overview of the policy for Health and Safety at St Matthew's CE Primary School.
2. Detail of the Health and Safety Policy as adopted from the HCC model policy.
3. Policies and procedures named within and associated with the Health and Safety policy.

Overview of the policy for Health and Safety at St Matthew's CE Primary School.

- The Health and Safety of all members of the school is a responsibility taken in part by all members of the school including the children. The Governing Body have overall responsibility for Health and Safety in the school which they delegate accordingly. The responsible person for Health and Safety for the school is the Headteacher. There will be a designated governor responsible for Health and Safety elected by the Governing Body annually.
- On a day to day basis the following people hold responsibility;
 - Teachers and teaching assistants are responsible for the children during timetabled learning.
 - Adults on playground duty and taking mid-day supervision are responsible for children during lunch and playtimes.
 - Parents are responsible for children before leaving their child/ren at school in the morning and collecting them from the teacher in the afternoon.
 - The Site Manager is responsible for premises and grounds in partnership with the Headteacher and Governing Body.
 - Overall the Headteacher is responsible for Health and Safety working in partnership with both the teaching and support team to ensure standards are maintained.
 - All adult members of the school team assume responsibility for the equipment and resources they use. This includes identifying possible faults and notifying relevant individuals of any concerns.
 - The teaching team is supremely responsible for all aspects of Health and Safety for the children.

This policy is based on the Health & Safety Policy template provided by Hampshire County Council Children's Services Health & Safety team.

HEALTH AND SAFETY POLICY

STATEMENT OF INTENT

It is our policy to carry out our activities in such a way as to ensure so far as is reasonably practicable, the health, safety and welfare of our employees and all persons likely to be affected by our activities including the general public where appropriate. We will co-operate and co-ordinate with partnerships, contractors, sub-contractors, employers, Hampshire County Council departments and the occupiers and owners of premises and land where we are commissioned to work in order to pursue our Health and Safety Policy aims.

Our aims are to:

- Provide and maintain a safe and healthy working environment ensuring the welfare of all persons
- Maintain control of health and safety risks arising from our activities
- Comply with statutory requirements as a minimum standard of safety
- Consult with all staff on matters affecting their health, safety and welfare
- Provide and maintain safe systems, equipment and machinery
- Ensure safe handling, storage and use of substances
- Provide appropriate information, instruction and supervision for everyone
- Ensure staff are suitably trained and competent to do their work safely
- Continually develop a safety culture to remove or reduce the possibility of accidents, injuries and

ill-health

- Assess risks, record significant findings and monitor safety arrangements
- Review and revise safety policies and procedures periodically and when circumstances may

introduce a requirement to amend or improve arrangements

- Develop and maintain a positive health and safety culture through regular communication and consultation with employees and their representatives on health and safety matters

Our health and safety management system has been developed to ensure that the above commitments can be met. All staff and governors will be instrumental in its implementation.

ORGANISATION

Employer Responsibility

The overall responsibility for health and safety at St Matthew's CE Primary School is held by the Governing Body who will:

- Ensure that health and safety has a high profile

St Matthew's CE Primary; Health and Safety Policy and Procedures

- Ensure adequate resources for health and safety are made available
- Consult and advise staff regarding health and safety requirements & arrangements
- Periodically monitor and review local health and safety arrangements

Responsible Manager

The responsible manager for the premises is the Head teacher who will act to:

- Develop a safety culture throughout the unit/centre/school/premises
- Consult staff and provide information, training and instruction so that staff are able to perform their various tasks safely and effectively
- Assess and control risk on the premises as part of everyday management
- Ensure a safe and healthy environment and provide suitable welfare facilities
- Make operational decisions regarding health and safety
- Ensure periodic safety tours and inspections are carried out
- Ensure significant hazards are assessed and risks are managed to prevent harm
- Ensure staff are aware of their health and safety responsibilities
- Periodically update governing bodies/partnerships as appropriate
- Produce, monitor and periodically review all local safety policies and procedures

All Staff (including volunteers)

All staff have a statutory obligation to co-operate with the requirements of this policy and to take care of their own health and safety and that of others affected by their activities by:

- Supporting the school health and safety arrangements
- Ensuring their own work area remains safe at all times
- Not interfering with health and safety arrangements or misusing equipment
- Complying with all safety procedures, whether written or verbally advised, for their own protection and the protection of those who may be affected by their actions
- Reporting safety concerns to their staff representative or other appropriate person
- Reporting any incident that has led, or could have led to damage or injury
- Assisting in investigations due to accidents, dangerous occurrences or near-misses
- Not acting or omitting to act in any way that may cause harm or ill-health to others

On-Site Health & Safety Co-ordinator/Officer

St Matthew's CE Primary; Health and Safety Policy and Procedures

The on-site health & safety officer/co-ordinator to the school (Site Manager) will manage, advise and co-ordinate local safety matters on behalf of, and under the direction of the responsible manager. The Site Manager is responsible for undertaking a wide range of typical health and safety related duties on behalf of, and under the direction of the responsible manager. He is to work within the parameters of any provided training and in accordance with risk assessments and the on-site safe working practices. He is to work within his level of competence and seek appropriate guidance and direction from the responsible Headteacher and/or the Children's Services Health & Safety Team as required.

All Teachers

The responsibility of applying local safety procedures on a day-to-day basis rests with the teachers. Where any new process or operation is introduced in the area of their responsibility, they are to liaise appropriately so that the associated risks are assessed and any precautions deemed necessary are implemented. They are to ensure that all new members of staff under their control are instructed in their own individual responsibilities with regards to health and safety, and they will appropriately monitor those new staff. They are to make periodic inspections of their areas of responsibility, taking prompt remedial action where necessary to control risk.

Business Committee

One of the principle responsibilities of the governing body business committee is to assist in the assessment of safety related matters and provide appropriate support to the responsible manager (Headteacher). The business committee meets twice per term and will monitor and discuss on-site health and safety performance, and recommend any actions necessary should this performance appear or prove to be unsatisfactory. Business committee members will be kept informed of all changes in practices and procedures, new guidance, accidents, incidents and risk related matters.

Fire Safety Co-ordinator

The Site Manager is the fire safety co-ordinator who is the competent person for fire safety on the premises and acts on behalf of the responsible manager. He is to attend the fire safety co-ordinator training course and refresh this training every three years. The fire safety co-ordinator is responsible for the local management and completion of day-to-day fire safety related duties and upkeep of the fire safety manual.

The fire safety co-ordinator is to work within their level of competence and seek appropriate guidance and direction from the responsible manager/Headteacher and/or the Children's Services Health & Safety Team and Property Services Fire Team as required.

Health & Safety Representative (Headteacher)

The premises health and safety representative (whether a member of staff who is union appointed, or non-union and locally nominated) will represent the staff with regard to their health and safety at work. S/he is

St Matthew's CE Primary; Health and Safety Policy and Procedures

expected to promote a positive safety culture throughout the premises and carry out the health and safety duties appropriate to their role in accordance with current guidance and legislative requirements.

Legionella Competent Person

The Site Manager is the nominated competent person for Legionella on the premises and acts on behalf of the Headteacher to provide the necessary competence to enable Legionella to be managed safely. He is to annually complete the Legionella e-learning course and all training records are to be retained.

The Legionella competent person will ensure that all periodic and exceptional recording, flushing, cleaning and general Legionella management tasks are correctly completed and recorded in accordance with departmental and corporate requirements. He will advise the Headteacher of any condition or situation relating to Legionella which may affect the safety of any premises users. He is to work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or Property Services as required.

Asbestos Competent Person

The Site Manager is the nominated competent person for asbestos on the premises and acts on behalf of the Headteacher to provide the necessary competence to enable asbestos to be managed safely. He/she is to annually complete the asbestos e-learning course and all training records are to be retained.

The asbestos competent person will ensure that all staff have a reasonable awareness of asbestos management and dangers. He/she is to ensure that the appropriate staff are competent in the use of the asbestos register and that asbestos is managed in accordance with departmental and corporate requirements. He/she will advise the Headteacher of any condition or situation relating to asbestos which may affect the safety of any premises users. He/she is to work within their level of competence and seek appropriate guidance and direction from the responsible manager/Headteacher and/or the Children's Services Health & Safety Team as required.

No adjustment to the fabric of the building will be carried out until either the Site Manager, Headteacher or Competent Person from on-site contractors has confirmed that areas are safe to work according to the asbestos register.

Accident Investigator

The on-site trained accident investigator is the Headteacher who will lead on all accident investigations in accordance with departmental and corporate procedures.

ARRANGEMENTS

The following arrangements for health and safety have been developed in accordance with the Management of Health and Safety at Work Regulations 1999. These arrangements set out all the health and safety

St Matthew's CE Primary; Health and Safety Policy and Procedures

provisions for St Matthew's CE Primary School and are to be used alongside other current school procedures & policies.

In carrying out their normal functions, it is the duty of all managers and staff to act and do everything possible to prevent injury and ill-health to others. This will be achieved in so far as is reasonably practicable, by the implementation of these arrangements and procedures.

Accident/Incident Reporting & Investigation

The on-site management, reporting and investigation of accidents, incidents and near misses is carried out in accordance with departmental and corporate policy requirements.

Any accident, incident or injury involving staff, visitors, contractors, and the more serious accidents/incidents to children are to be reported and recorded on the HCC Accident/incident reporting form (on line or via the paper version stored in the admin office. If the paper version is used then it will need to be added on to the on-line system as soon as practical).

A copy of the completed form is then automatically sent to Children's Services Health & Safety Team. The person reporting the incident and the manager will receive a request to carry out an investigation and a link to record this on. The purpose and intended outcome of the investigation is to identify the immediate and underlying causes of the accident so as to be able to implement appropriate measures to prevent reoccurrence.

Minor accidents to pupils are to be recorded in the minor accident books located in various locations around the school.

The more serious accidents that are notifiable to the Health & Safety Executive (HSE) will be notified to the Children's Services Health & Safety Team for them to report. A copy of the form will then be created by CSHST and sent to the HSE.

The responsible manager (Headteacher) will ensure that the governing body/partnership/senior management is appropriately informed of all incidents of a serious nature. All accident/incident reports will be monitored by the Headteacher and the governing body for trend analysis in order that repetitive causal factors may be identified to prevent reoccurrences.

Premises hirers and community/extended service/third party users must report all incidents related to unsafe premises or equipment to the unit/centre/school/premises staff, who will appropriately report and investigate each incident. Incidents related to the user's own organised activities are to be reported by them in line with their own reporting procedures.

Asbestos Management

Asbestos management on site is controlled by the nominated responsible person. The asbestos register as issued by the Asbestos Team is located at the administration office and is to be shown to all contractors who may need to carry out work on site. Contractors must sign the register as evidence of sighting prior to being permitted to commence any work on site.

St Matthew's CE Primary; Health and Safety Policy and Procedures

Any changes to the premises' structure that may affect the asbestos register information will be notified to the Asbestos Team in order that the asbestos register may be updated accordingly.

Under no circumstances must staff drill or affix anything to walls that may disturb materials without first checking the register and/or obtaining approval from the competent person.

Any damage to any structure that possibly contains asbestos, which is known or identified during inspection, should be immediately reported to the Headteacher and/or the asbestos competent person who will immediately act to cordon off the affected area and contact the Asbestos Team for guidance. Any contractor suspected to be carrying out any unauthorised work on the fabric of the building should be immediately stopped from working and immediately reported to the responsible manager/Headteacher and/or asbestos competent person.

Community Users/Lettings/Extended Services

The responsible manager/Headteacher will ensure that:

- Third parties and other extended service users operate under hire agreements
- A risk assessment for the activity is completed
- The premises is safe for use and is always inspected prior to, and after each use
- Means of general access and egress are safe for use by all users
- All provided equipment is safe for use
- Fire escape routes and transit areas are safe and clear of hazards
- Hirers/users are formally made aware of fire safety procedures and equipment

Contractors on Site

HCC or Portsmouth Diocese approved contractors are generally used for contractual work on the premises. For minor works, local contractors may be used subject to appropriate checks on their qualifications.

All contractors must report to the administration office via the Reception Lobby where they will be asked to sign the visitors book, access the asbestos register, child protection statement and evacuation procedures.

The Site Manager is responsible for monitoring work areas and providing appropriate supervision, more so where the contractor's work may directly affect staff and pupils on the premises.

Curriculum Activities

All safety management and risk assessments for curriculum based activities will be carried out under the control of the relevant Base Leaders and teachers using the appropriate codes of practice and safe working procedural guidance for Design & Technology, Science, Music, Physical Education & Sport, Art, Swimming and Drama as issued by CLEAPSS, HIAS and Hampshire County Council. Base Leaders and the appropriate teachers will be responsible for local risk management and ensuring that maintenance of equipment and premises in their areas of the curriculum are managed safely following the appropriate guidance.

Display Screen Equipment

Office staff must complete the display screen equipment e-learning course every year without exception. All users must carry out periodic workstation assessments using CSAF-001 Workstation Assessment Form. Workstation assessments will be actioned as necessary by line managers and routinely reviewed at intervals not exceeding three years.

Electrical Equipment

The Headteacher will ensure that:

- Only authorised and competent persons are permitted to install or repair equipment
- Where 13-amp sockets are in use, only one plug per socket is permitted
- Equipment is not to be used if found to be defective in any way
- Defective equipment is to be reported & immediately taken out of use until repaired
- All portable electrical equipment will be inspected/tested annually.
- Equipment testing/inspection can only be carried out by a competent person.
- Private electrical equipment is not to be brought onto the premises or used unless its use is approved by management and it has been tested
- New equipment must be advised to the Headteacher in order that it can be added to future PAT testing schedules

Any defective or suspected defective equipment, systems of work, fittings etc must be reported to the Site Manager and attended to as soon as possible.

Emergency Procedures

General emergency evacuation for non-fire related emergencies is to be carried out in accordance with the school emergency evacuation plan. The school has a fire emergency plan for fire related emergencies and an emergency evacuation plan for all non-fire emergencies.

All staff will receive a brief and/or a copy of the emergency evacuation plan at induction, and they will be periodically provided with updated information as the emergency evacuation plan is routinely reviewed and amendments are introduced.

Personal Emergency Evacuation Plans are to be completed, provided and exercised for any vulnerable persons to be able to ensure safe, assisted evacuation in the event of an emergency incident. These will be created on an individual basis as need requires.

Fire Safety

Arrangements regarding fire safety are set out in the Fire Safety Manual. The fire safety co-ordinator is the

St Matthew's CE Primary; Health and Safety Policy and Procedures

competent person for fire safety on the premises and is the immediate point of contact for all fire safety related enquiries on site.

The Headteacher will ensure through the fire safety co-ordinator that:

- All staff complete the mandatory fire safety induction e-learning course every year
- Fire safety procedures are readily available for all staff to read
- Fire safety information is provided to all staff at induction and periodically thereafter
- Fire safety notices are posted in the key areas of the building close to the fire points
- Evacuation routes and assembly points are clearly identified
- Staff are aware of their own responsibilities for knowing the location of fire points and fire exits. They should also know the location of the assembly point in the event of fire
- All staff are familiar with the flammable potential of materials and substances that they use and exercise maximum care in their use, especially with those marked *flammable*
- Fire evacuation procedures, fire safety training and fire alarm testing are carried out in accordance with corporate guidance and the premises fire safety manual
- The fire risk assessment is reviewed annually by the fire safety co-ordinator and amended as new hazards or required amendments are identified

First Aid

Arrangements regarding first aid provision are set out in the First Aid Policy. The names and locations of the first aid trained staff on site are listed in the first aid policy and also clearly signposted around the school. First aid is never to be administered by anyone except first aid trained staff with in-date training certification, operating within the parameters of their training.

General Equipment

All general equipment requiring statutory inspection and/or testing on site (*eg. boilers, hoists, lifting equipment, local exhaust ventilation, PE equipment, climbing apparatus*) will be inspected by appropriate competent contractors as provided by the term contractor under PBRS arrangements, or as locally arranged.

Equipment is not to be used if found to be defective in any way. Defective equipment is to be reported and immediately taken out of use until repairs can be carried out.

Glazing

Glass and glazing on site has been surveyed and risk assessed to ensure that it is suitable safety glass for the area in which the glazing is located, this includes taking account for the activities undertaken and types of children at the school. The survey and assessment are kept electronically in the Health and Safety directory on the Admin H: drive and is reviewed when there are changes to the premises.

Good Housekeeping

Tidiness, cleanliness and efficiency are essential factors in the promotion of good health and safety. The following conditions are to be adhered to at all times:

- All corridors and passageways are kept free from obstruction
- Shelves in storerooms and cupboards are stacked neatly and not overloaded
- Floors are kept clean and dry, and free from slip and trip hazards
- Emergency exits and fire doors are not obstructed in any way
- Supplies are stored safely in their correct locations
- Rubbish and litter are cleaned and removed at the end of each working day
- Poor housekeeping or hygiene conditions are immediately reported

Hazardous Substances

Hazardous substances, materials, chemicals and cleaning liquids are not permitted to be used or brought into use on site unless a documented COSHH assessment has been undertaken by the trained COSHH assessor, and the product has been approved for safe use on site by the responsible manager/Headteacher. The premises COSHH assessor acting on behalf of the Headteacher is the Site Manager.

When using a harmful substance, whether it is a material, cleaning fluid or chemical substance, staff must ensure that adequate precautions are taken to prevent ill-health in accordance with the COSHH assessment completed for that hazardous substance. Staff must never attempt to use a harmful substance unless adequately trained to do so, and then only when using the safe working practices and protective equipment identified in the COSHH assessment.

All hazardous substances are to be stored in the secure and signed storage when not in use which is at the caretaker office for this premises. This is to remain locked at all times.

Inspections and Monitoring

Daily monitoring of the premises, through working routines and staff awareness, is expected to identify general safety concerns and issues which should be immediately recorded in the premises defect book and reported to the Site Manager.

Routine documented inspections of the premises will be carried out every half term in accordance with the premises inspection schedule. Inspection findings are to be recorded on the locally adapted CSAF-005/CSAF-010 Monthly Premises Safety Inspection Checklist.

Defects identified during these routine documented inspections are to be immediately reported to the Site Manager and Headteacher and recorded in the defect book. Any identified high level risks or safety management concerns are to be actioned at GB Business Committee meetings.

Periodic detailed inspections of the premises' safety management system will be carried out every year by the Governing Body and/or Headteacher. These documented inspections will examine all areas of the safety

St Matthew's CE Primary; Health and Safety Policy and Procedures

management system and will be carried out using the locally adapted CSAF-004/CSAF-011 Annual H&S Inspection Checklist.

Kitchens

The main kitchen area is only to be used by authorised staff in accordance with the identified safe working procedures. Authority and procedures for local management of the main kitchen is inspection and reporting by the Cook to HC3C. Any persons not normally authorised but wishing to enter the kitchen area must gain approval prior to entry and must strictly adhere to the kitchen safe working practices.

Safe working procedures and authorised access for other kitchen areas, canteens, food preparation areas are to adhere to all other Health and Safety procedures. Any other persons wishing to use the kitchen/food preparation areas must complete a risk assessment for each individual activity (Curriculum and PTFA).

Legionella Management

Legionella management on site is controlled by the Legionella competent person who will manage and undertake all procedures regarding Legionella in accordance with Hampshire County Council Policy & Guidance . Records of all related training, flushing, temperature monitoring, cleaning and defects are to be retained for auditing purposes.

Lone Working

All lone working is to be approved by the Headteacher and is to be carried out in accordance with the premises lone working risk assessment and the local written procedures. The lone working arrangements for staff who may undertake lone working on this site are

- Arrange times to be on site with Headteacher or Site Manager.
- Contact a responsible person (Headteacher, Base Leader or Site Manager) to alert him/her to the individual's presence on site.
- Ensure all access points remain inaccessible from the exterior.
- Ensure all doors and access points are closed to reset alarms on leaving.
- Ensure a communication method (e.g. mobile phone with full coverage) is to hand.
- All lone-workers must adhere to Health and Safety policy and training whilst on site.

Minibuses

All minibus drivers must have completed MIDAS training prior to being permitted to drive minibuses.

Moving and Handling

All staff must complete the Moving and Handling e-learning course every year without exception. Staff are not permitted to regularly handle or move unreasonably heavy or awkward items, equipment or children unless they have attended specific moving and handling training and/or have been provided with mechanical aids in order to work safely.

St Matthew's CE Primary; Health and Safety Policy and Procedures

Any significant moving and handling tasks are to be specifically risk assessed in order that training requirements and mechanical aids can be accurately determined to ensure that the task is carried out safely. The caretaker/Site Manager is expected to undertake regular physical work which would typically include significant moving and handling, so therefore he must attend a formal moving and handling course specific to the work requirements.

Off-site Activities

Arrangements regarding off-site activities are managed in accordance with the Outdoor Education Service's procedures and guidance.

Provision of Information

The Headteacher will ensure that information systems are established so that staff are periodically provided with information regarding safety arrangements on the premises. These systems are

- Regular updates at the weekly Business Meeting
- Risk assessments renewed as premises or activities (curricular or otherwise) change, risk assessments stored in Risk Assessment file (soft and hard copy)
- Health and Safety notification panel (Group Room above photocopier)

Local health and safety advice is available from the Headteacher and/or Site Manager and the Children's Services Health & Safety Team can provide both general and specialist advice.

The Health and Safety Law poster is displayed in the Group room by the H&S notification panel (see above)

Risk Assessment

General risk assessment management will be co-ordinated by Headteacher in accordance with guidance contained in the Children's Services Safety Guidance.

Risk assessments must be undertaken for all areas where a significant risk is identified or a possibility of such risk exists.

The trained risk assessor on site is the Headteacher who in partnership with the Site Manager will oversee the correct completion of risk assessments as appropriate. Risk assessments will be carried out by those staff with the appropriate knowledge and understanding in each area of work.

All risk assessments and associated control measures are to be approved by the responsible manager/Headteacher or their delegated member of staff prior to implementation.

Completed risk assessments are listed in the Risk Assessment file and will be reviewed periodically in accordance with each risk assessment's review date as listed for review in the premises bring-up diary system.

Security

St Matthew's CE Primary; Health and Safety Policy and Procedures

Arrangements regarding security are based on the premises security risk assessment and are set out in the on-site security policy & procedures which include emergency unlock routines.

Smoking

Smoking is not permitted anywhere in the buildings or grounds of the school.

For the purposes of this policy smoking includes e-cigarettes/vaporizers.

Stress & Wellbeing

St Matthew's CE Primary school is committed to promoting high levels of health and wellbeing and recognises the importance of identifying & reducing workplace stressors.

Stress management through risk assessment and appropriate consultation with staff will be periodically reviewed and acted upon in accordance with the Children's Services' and Health & Safety Executive's Management Standards, guidance and requirements.

On-site arrangements to monitor, consult and reduce stress situations are addressed by the Learning and Business Committees of the GB. The Senior Leadership Team will monitor stress and well-being on a day to day basis informing and advising the relevant GB committees of possible situations, contexts or individuals that may require whole school restructure or change.

Swimming Pool Management

Arrangements regarding swimming pool management are set out in the swimming pool policy and procedures, and in accordance with the Children's Services swimming pool guidance.

Traffic Management

Arrangements regarding on-site traffic safety are based on the premises traffic risk assessment. Risk assessments will be periodically carried out on an annual basis or after significant change.

Training

Health and safety induction training will be provided and recorded for all new staff/volunteers in accordance with the New Staff Health & Safety Induction Checklist.

St Matthew's CE Primary; Health and Safety Policy and Procedures

The Headteacher is responsible for ensuring that all staff/volunteers are provided with adequate information, instruction and training regarding their safety at work. A training needs analysis will be carried out from which a comprehensive health and safety training plan will be developed and maintained to ensure health and safety training is effectively managed for all staff who require it.

All staff will be provided with following as a minimum training provision:

- Induction training regarding all the requirements of this health and safety policy
- Appropriate local training regarding risk assessments and safe working practices
- Updated training and information following any significant health and safety change
- Specific training commensurate to their own role and activities
- Periodic refresher training that will not exceed three yearly intervals
- Appropriate annual e-learning courses to meet HCC mandatory corporate training requirements

Training records are held by the Senior Administrative Officer who is responsible for co-ordinating all health and safety training requirements, maintaining the health and safety training plan, and managing the planning of refresher training for all staff.

Violent Incidents

Violent, aggressive, threatening or intimidating behaviour towards staff, whether verbal, written, electronic or physical, will not be tolerated at St Matthew's CE Primary School.

Staff must report all such violent and aggressive incidents to ensure that there is an awareness of potential issues and/or injuries, and so as to enable incidents to be appropriately investigated so that reasonable actions may be taken to support those involved and reduce the risk of similar incidents occurring in the future.

Violent incident reporting is completely confidential.

Visitors

All visitors must initially report to the main reception where they will be provided with the key health, safety and fire safety information to enable them to act appropriately and safely in the event of an incident.

Visitors to the premises will be provided with a visitors badge to be worn at all times.

Working at Height

Work at height is always to be undertaken in accordance with the corporate policy on working at height.. At St Matthew's CE Primary school general work at height will be undertaken in accordance with the on-site generic risk assessment for work at height which identifies general requirements and safe working practices. Specific or higher risk tasks will be carried out in accordance with a specific risk assessment for that task.

St Matthew's CE Primary; Health and Safety Policy and Procedures

The competent person for work at height on the premises who has attended the Caretaker Support Service Ladder & Stepladder Safety half-day course is the Site Manager.

- Use steps, stepladders and leaning ladders in accordance with their training
- Provide step stool instructional training briefs to staff
- Provide stepladder and steps training to staff using the Children's Services Stepladder & Steps Safety user training presentation
- "Carry out periodic inspections of all on-site ladders, stepladders and podium steps **at 3 times per year**"
- Remove access equipment from use if defective or considered inappropriate for use

The competent person for work at height and all other staff are not permitted to use any other access equipment for work at height without specific training. This includes the use of scaffolding, mobile towers and mobile elevated work platforms.

Work on roofs is not permitted unless suitable and appropriate edge protection and safe access arrangements are in place. Emergency short term access to the roof without the use of edge protection may be allowed, provided a specific risk assessment is carried out and all other aspects of this policy are adhered to.

Work at height on the premises is only permitted to take place under the following conditions:

- Any work to be carried out at height must be underpinned by a risk assessment
- Access equipment selected for work at height must be as per the risk assessment
- Any staff working at height must be appropriately trained to use the access equipment
- Staff are not to improvise or use alternative access methods of their own choice
- Use of any furniture, including tables and chairs, is **forbidden** for any work at height
- Staff may only use step stools if they have received a local instructional training brief
- Staff may only use stepladders if they have received training from the ladder and stepladder competent person
- Staff may only use leaning ladders if they have personally attended the Caretaker Support Service Ladder & Stepladder Safety half-day course.
- Any safety concerns about a work at height task must be raised prior to work starting
- Access equipment used on site such as ladders and stepladders must only be that provided and are never to be lent to, or borrowed from third parties or contractors
- Contractors working at height are to be appropriately supervised and must only use their own access equipment

Dogs on site

Parents may bring their dogs on site when picking up / dropping their children.

All parents must have completed the "Dog permission form", before bring their dogs on site. These dogs are limited to external areas only and under no circumstances are allowed in the building.

Visitors/staff may bring their dogs on site with permission from the head teacher and only if the appropriate risk assessment and public Indemnity insurances are in place and current

Policies and Procedures named and / or associated with the Health and Safety Policy

- A. Administration of Medicines policy
- B. Child Protection Policy
- C. Emergency Response Procedures
- D. Fire Safety Manual
- E. First Aid Policy
- F. On-Site Security Policy & Procedures
- G. Swimming Pool Normal Operating Plan and Emergency Action Plan
